

# 2023 PILATUS PC-24

SN: 291 | N984VE

# KEY FEATURES

Get in and out of anywhere with this Super-Versatile Jet! This impeccable 2023 Pilatus PC-24 opens up thousands of additional airports across the country that other jets cannot operate in. In addition to having a Flight Data Recorder for top-of-the-line safety, this aircraft boasts a class-leading cabin size and comfort, bringing you and your passengers closer to your destination, thereby saving both time and money.

Currently on a Part 135 charter certificate, it offers immediate revenue-generating potential for its next owner.

\*All specifications are subject to purchaser verification.

**Total Landings:** 860

\*Aircraft is currently in operation, so times may vary

## ENGINES

**Engine Maintenance Program:** Williams International TAP Blue

### Engine 1

**Model:** Williams FJ44-4A-QPM

**Serial Number:** 295375

**Total Hours:** 909.5

**Cycles:** 850

**TBO:** 5,000

### Engine 2

**Model:** Williams FJ44-4A

**Serial Number:** 295376

**Total Hours:** 909.5

**Cycles:** 757

**TBO:** 5,000

## MAINTENANCE

**Maintained:** FAR Part 135

**Airframe Maint Program:** None

**Tracking Program:** CAMP (Status Report / Due List available upon request); Scheduled for 12/36 Month Inspections September 2025

**General:** Two owners since new

\*All specifications are subject to purchaser verification.

# AVIONICS

Advanced Cockpit Environment (ACE),  
Powered by Honeywell

2 12" Primary flight display flat panel units

Smartview synthetic vision system on  
each primary flight display

2 Primary flight display controllers

1 Integrated global navigation system  
sensor unit with satellite-based  
augmentation system receiver

2 Audio/marker panels

1 Dual-channel autopilot with dual yaw  
damper

1 Flight guidance panel

2 12" Multi-function display flat panel units

1 Touch screen controller

1 Cursor control device

Switch panels

2 Mode S diversity transponders with  
Automatic Dependent Surveillance –  
Broadcast (ADS-B) OUT functionality

2 Multi-mode digital radios

2 Attitude reference systems comprising  
of 1 inertial reference system and 1  
attitude heading reference system and  
magnetometer

1 Distance measuring equipment

1 Radar altimeter

1 Integrated enhanced ground proximity  
warning system class B

Traffic Collision Avoidance System (TCAS) I

Autothrottle system

Tactile feedback (roll and pitch)

Automatic yaw trim

Dual Flight Management System (FMS)

Localizer Performance with Vertical  
Guidance (LPV) approach capability

Utilities management system

Dual pitot-static systems

Dual-angle of attack sensors

# AVIONICS (CONT.)

- 1 Required Navigation Performance 2100 weather radar
- Radar Altimeter 5G Filter to operate safely within the 5G environment
- 1 Electronic standby instrument system with dedicated pitot-static system and magnetometer
- 1 Emergency Local Transmitter (ELT) 406 MHz with a remote switch, a global positioning system, and a navigation interface
- 1 Flight time recorder (Hobbs meter)

## FEATURES

- Flight Data Recorder (FDR)
- Turnkey Part 135 for immediate charter revenue
- ADS-B Out
- ADS-B In
- CDTI
- Wireless-connected flight deck
- 2D airport maps
- FMS TOLD
- Smart Runway & Smart Landing
- King KMA-29A
- SiriusXM basic & advanced satellite graphical weather
- Dual Honeywell charts
- Unpaved operations kit
- Lithium-Ion batteries
- Logo light
- Pulse recognition lights

\*All specifications are subject to purchaser verification.

# INTERIOR

**Configuration/PAX:** Executive/10 passengers
