

2022 KING AIR 360

SN: FL-1304 | N356VC

KEY FEATURES

The 2022 King Air 360 stands at the summit of the turboprop world, blending modern engineering with the legacy of an icon. Its latest evolution introduces digital pressurization, full-regime autothrottles, CoolView windows, and a refined cabin inspired by contemporary luxury design. Passengers enjoy a noticeably lower cabin altitude, sculpted sidewalls with subtle lighting, upgraded seating, and a suite of elegant interior finishes that elevate every mile.

This professionally operated, one-owner aircraft has been maintained under Part 135 standards and is fully enrolled in Textron ProParts and P&WC ESP. For operators seeking a turnkey asset with charter revenue potential, this King Air 360 delivers capability, comfort, and confidence in equal measure.
