SN: 291 | N984VE

# KEY FEATURES

Get in and out of anywhere with this Super-Versatile Jet!

With its short field advantage, this impeccable 2023 Pilatus PC-24 opens up thousands of additional airports across the country that other jets cannot operate in. In addition to having a Flight Data Recorder for top-of-the-line safety, this aircraft boasts a class-leading cabin size and comfort, bringing you and your passengers closer to your destination, thereby saving both time and money.

Currently on a Part 135 charter certificate, this low-time aircraft offers immediate revenue-generating potential for its next owner.
